Climate of Manila.

The climate of Manila is very pleas-The climate of Manila is very pleasant, the thermometer ranging from 50 to 50 degrees Fahrenheit. The seasons may be divided into the rainy and the dry, the former lasting from June to September, inclusive. So great an interest is being taken in Manila and the Phillippiner that the fine series of five portfolios of 50 views are being called for by the thousand. Everybody seems to want a set. Only 10 cents and one coupon each portfolio. Friday and Saturday. First-class millinery at lowest prices.

INTENSE SUFFERING

A New Discovery, But Not a Patent Medicine.

poy, en route from the Sweetwater region, reports that a few nights ago, in the vicinity of the Sweetwater bridge on the Rawlins-Lander stage and mail line, that he was chased by a pack of big gray wolves, the speed and staying qualities of his horse alone raving the lives of both steed and rider. Mr. Lovejoy reports that mountain lions are numerous in the Sweetwater country.

Dr. Redwell relates an interesting account of what he considers a remark-ble cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tab-

night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully oursel.
